PROFESSIONAL SUMMARY

UI/UX Designer with **3+ years of experience** designing **AI-driven, B2C and B2B** digital products. With a background in Architecture, I bring structured thinking and strong problem-solving skills into digital product design. Strong background in user research, interaction design, information architecture, and cross-functional collaboration within product teams.

SKILLS

TOOLS - Figma | Adobe XD | Miro | Adobe Photoshop | Jira

UI/UX METHODS - User Research | Heuristic Evaluation | User Journey Mapping | Empathy Mapping | Storyboarding | User Flows | Information Architecture | Wireframing | Visual Design | Interaction Design | Prototyping | Design Systems | Responsive Design | Design Handoff

SOFT SKILLS - Problem Solving | Attention to Detail | Team Player | Design Thinking | Stakeholder Collaboration | Agile Collaboration

WORK EXPERIENCE

6D Technologies | UI/UX Designer

May 2024 - April 2025

Bangalore, India - Full-time

- Contributed to UX design across **10+ B2B telecom products across global markets** (Airtel-Nigeria, Etisalat-UAE, BICS-Global, MTN Ghana-Africa, Ooredoo-Oman, etc.) focusing on sales platforms, and enterprise dashboards.
- Conducted user research, user journey mapping, information architecture and heuristic evaluations to improve usability and navigation across complex products.
- Designed conversational UX flows for an **AI-powered customer support chatbot**, structuring 10+ service scenarios to improve task completion and reduce manual support dependency.
- Led UX design for **Product Catalogue Management** and **Service Order Management systems**, translating complex telecom business logic into structured and usable interfaces.
- Collaborated cross-functionally in agile teams to ensure smooth design-to-development execution.

Freelance UI/UX Designer

Jan 2024 - May 2024

Remote - Contract

- **NBTC Group** - Successfully led the **digital brand modernization** for a leading Middle Eastern engineering & construction group, turning an outdated website into a clean, professional platform, which is **now live and fully operational**.
- **V-Align Technologies** - Designed **responsive UI mockups** for a **conversational AI platform** ensuring a consistent, intuitive experience across desktop and mobile breakpoints.
- Delivered all key screens within a tight deadline with clean Figma handoff and worked alongside with the development team, making sure the handoff was clean and implementation went smoothly.

CodeCraft Technologies | UI/UX Designer

Mar 2022 - Dec 2023

Bangalore, India - Full-time

Worked across a wide range of **B2C & B2B products (mobile, web & kiosk)**, driving design from concept to completion across multiple simultaneous projects in fintech, healthcare and e-commerce.

- Worked across **8+ projects**, contributing to various stages of the UX process from research to final UI implementation.
- Established a reusable **Figma component library** adopted across projects, reducing design turnaround time by ~25%.
- Presented concepts directly to external clients, gathering feedback and aligning design decisions with both user needs and business objectives.

EDUCATION

National Institute of Technology, Calicut, Kerala, India

2014 - 2019

B - ARCH (Architecture)

CERTIFICATIONS

Intelligent Interaction Design

Aug 2024 - Jan 2025

Indian Institute of Science (IISc), Bangalore, India

- Explored advanced UX applications in IoT, robotics, and immersive technologies like VR and MR.

Bootcamp in UI/UX Design

Sep 2021 - Dec 2021

Design Boat School, Bangalore, India
